

Horticulture Team Leader

Live Landscape Design and Build is a company focused on creating functional outdoor spaces for our clients. Our company got its start in 2008 and operates out of Dublin, Ontario. We strive to provide the highest standard of work for each and every client. Our goal is to build and maintain long term relationships with our clients.

We are looking to hire a self-directed horticulture Team Leader with a diverse skill set.

- Minimum 5 years experience required
- Must have valid G licence
- Must have ability to identify plant material
- Must have natural pruning ability
- Experience with various equipment is an asset
- Salary: \$60,000/year

Live Landscape offers full-time seasonal employment from the beginning of April to the beginning of December. From April to June, average hours in a week are 55-60 hours. From July to the end of the season, average hours are 45-50 hours a week. All hours are weather dependant. Our work day starts at 7am and typically ends between 5-6pm, however we are able to accommodate some prior obligations.

Opportunities are available to grow with the company. Apprenticeship opportunities are available.

Successful candidates will:

- Have good attention to detail
- Work well in both team and individual environments
- Be able to lead a crew and provide guidance
- Be able to take direction and follow instructions
- Have a positive and friendly attitude
- Good customer service skills a must
- Enjoy working outdoors in a fast paced environment
- Follow safety procedures and maintain a safe work environment
- Be able to lift 50lbs throughout the day
- Organized and punctual
